

ISSW 2024 - TROMSØ - NORWAY

SPONSOR OPPORTUNITIES

ISSW TROMSØ

2024

Welcome to the 2024 International Snow Science Workshop, the premier gathering of snow and avalanche safety and research professionals from around the world. We anticipate that 800 delegates will gather in Tromsø, Norway for this unique edition of the ISSW, and that about another 1000 participants will be joining digitally.

The event is hosted on the island of Tromsø, located at 69°38'56"N and surrounded by alpine peaks at neighbouring islands incised by fjords of the Arctic ocean.

The venue, the Edge hotel, reassembles a snow profile in black and white, balancing on the edge of the harbour. Northern lights, whales, climbers and backcountry skiers are frequently spotted just outside the city centre. The vibrant city centre offers a lively nightlife (Tromsø is also known as the “Paris of the North”) and a friendly arctic environment where you may enjoy sea kayaking, fishing, whale safaris, mountain biking, sky running, rock climbing, hiking, dog sledging, ocean saunas or rather pub crawling, Northern Lights or great seafood.

The ISSW 2024 organising committee has prepared this package as a guide for our sponsoring partners. For additional information or to secure your sponsorship, please contact Øivind Lie at oivind.lie@gyro.no or Audun Hetland at audun.hetland@uit.no
